

FCS Iowa Code and Program of Study (POS) "Planning Guide" (For Easier CTE-Plus Reporting)

Mary Ann Adams, FCS State Consultant, Iowa Department of Education

Remember: Iowa Code allows your FCS program to have one unit (two semesters) of "core", which must be taught by a CTE teacher, for example: career readiness or computer technology in a sequence. If you include MOC (work-study) and a core class, each must only be a semester in length and the other 4 courses must be from your FCS program of study/sequence. REMEMBER: THESE ARE ONLY SUGGESTIONS! Please email Mary Ann Adams with any questions: maryann.adams@iowa.gov
